

NOTICE TO THE INDIVIDUAL SIGNING THE POWER OF ATTORNEY FOR HEALTH CARE

No one can predict when a serious illness or accident might occur. When it does, you may need someone else to speak or make health care decisions for you. If you plan now, you can increase the chances that the medical treatment you get will be the treatment you want.

In Illinois, you can choose someone to be your "health care agent". Your agent is the person you trust to make health care decisions for you if you are unable or do not want to make them yourself. These decisions should be based on your personal values and wishes.

It is important to put your choice of agent in writing. The written form is often called an "advance directive". You may use this form or another form, as long as it meets the legal requirements of Illinois. There are many written and on-line resources to guide you and your loved ones in having a conversation about these issues. You may find it helpful to look at these resources while thinking about and discussing your advance directive.

WHAT ARE THE THINGS I WANT MY HEALTH CARE AGENT TO KNOW?

The selection of your agent should be considered carefully, as your agent will have the ultimate decision making authority once this document goes into effect, in most instances after you are no longer able to make your own decisions. While the goal is for your agent to make decisions in keeping with your preferences and in the majority of circumstances that is what happens, please know that the law does allow your agent to make decisions to direct or refuse health care interventions or withdraw treatment. Your agent will need to think about conversations you have had, your personality, and how you handled important health care issues in the past. Therefore, it is important to talk with your agent and your family about such things as:

- (i) What is most important to you in your life?
- (ii) How important is it to you to avoid pain and suffering?
- (iii) If you had to choose, is it more important to you to live as long as possible, or to avoid prolonged suffering or disability?
- (iv) Would you rather be at home or in a hospital for the last days or weeks of your life?

- (v) Do you have religious, spiritual, or cultural beliefs that you want your agent and others to consider?
- (vi) Do you wish to make a significant contribution to medical science after your death through organ or whole body donation?
- (vii) Do you have an existing advanced directive, such as a living will, that contains your specific wishes about health care that is only delaying your death? If you have another advance directive, make sure to discuss with your agent the directive and the treatment decisions contained within that outline your preferences. Make sure that your agent agrees to honor the wishes expressed in your advance directive.

WHAT KIND OF DECISIONS CAN MY AGENT MAKE?

If there is ever a period of time when your physician determines that you cannot make your own health care decisions, or if you do not want to make your own decisions, some of the decisions your agent could make are to:

- (i) Talk with physicians and other health care providers about your condition.
- (ii) See medical records and approve who else can see them.
- (iii) Give permission for medical tests, medicines, surgery, or other treatments.
- (iv) Choose where you receive care and which physicians and others provide it.
- (v) Decide to accept, withdraw, or decline treatments designed to keep you alive if you are near death or not likely to recover. You may choose to include guidelines and/or restrictions to your agent's authority.
- (vi) Agree or decline to donate your organs or your whole body if you have not already made this decision yourself. This could include donation for transplant, research, and/or education. You should let your agent know whether you are registered as a donor in the First Person Consent registry maintained by the Illinois Secretary of State or whether you have agreed to donate your whole body for medical research and/or education.
- (vii) Decide what to do with your remains after you have died, if you have not already made plans.

- (viii) Talk with your other loved ones to help come to a decision (but your designated agent will have the final say over your other loved ones).

Your agent is not automatically responsible for your health care expenses.

WHO SHOULD I CHOOSE TO BE MY HEALTH CARE AGENT?

You can pick a family member, but you do not have to. Your agent will have the responsibility to make medical treatment decisions, even if other people close to you might urge a different decision. The selection of your agent should be done carefully, as he or she will have ultimate decision-making authority for your treatment decisions once you are no longer able to voice your preferences. Choose a family member, friend, or other person who:

- (i) Is at least 18 years old;
- (ii) Knows you well;
- (iii) You trust to do what is best for you and is willing to carry out your wishes, even if he or she may not agree with your wishes;
- (iv) Would be comfortable talking with and questioning your physicians and other health care providers;
- (v) Would not be too upset to carry out your wishes if you became very sick; and
- (vi) Can be there for you when you need it and is willing to accept this important role.

WHAT IF MY AGENT IS NOT AVAILABLE OR IS UNWILLING TO MAKE DECISIONS FOR ME?

If the person who is your first choice is unable to carry out this role, then the second agent you chose will make the decisions; if your second agent is not available, then the third agent you chose will make the decisions. The second and third agents are called your successor agents and they function as back-up agents to your first choice agent and may act only one at a time and in the order you list them.

WHAT WILL HAPPEN IF I DO NOT CHOOSE A HEALTH CARE AGENT?

If you become unable to make your own health care decisions and have not named an agent in writing, your physician and other health care providers will ask a family member, friend, or guardian to make decisions for you. In Illinois, a law directs which of these individuals will be consulted. In that law, each of these individuals is called a "surrogate". There are reasons why you may want to name an agent rather than rely on a surrogate:

- (i) The person or people listed by this law may not be who you would want to make decisions for you.
- (ii) Some family members or friends might not be able or willing to make decisions as you would want them to.
- (iii) Family members and friends may disagree with one another about the best decisions.
- (iv) Under some circumstances, a surrogate may not be able to make the same kinds of decisions that an agent can make.

WHAT IF THERE IS NO ONE AVAILABLE WHO I TRUST TO BE MY AGENT?

In this situation, it is especially important to talk to your physician and other health care providers and create written guidance about what you want or do not want, in case you are ever critically ill and cannot express your own wishes. You can complete a living will. You can also write your wishes down and/or discuss them with your physician or other health care provider and ask him or her to write it down in your chart. You might also want to use written or on-line resources to guide you through this process.

WHAT DO I DO WITH THIS FORM ONCE I COMPLETE IT?

Follow these instructions after you have completed the form:

- (i) Sign the form in front of a witness. See the form for a list of who can and cannot witness it.
- (ii) Ask the witness to sign it, too.
- (iii) There is no need to have the form notarized.

- (iv) Give a copy to your agent and to each of your successor agents.
- (v) Give another copy to your physician.
- (vi) Take a copy with you when you go to the hospital.
- (vii) Show it to your family and friends and others who care for you.

WHAT IF I CHANGE MY MIND?

You may change your mind at any time. If you do, tell someone who is at least 18 years old that you have changed your mind, and/or destroy your document and any copies. If you wish, fill out a new form and make sure everyone you gave the old form to has a copy of the new one, including, but not limited to, your agents and your physicians.

WHAT IF I DO NOT WANT TO USE THIS FORM?

In the event you do not want to use the Illinois statutory form provided here, any document you complete must be executed by you, designate an agent who is over 18 years of age and not prohibited from serving as your agent, and state the agent's powers, but it need not be witnessed or conform in any other respect to the statutory health care power. If you have questions about the use of any form, you may want to consult your physician, other health care provider, and/or an attorney.

2. The powers granted above shall not include the following powers or shall be subject to the following rules or limitations:

Please see my DNR – POLST regarding life-sustaining measures

(NOTE: The subject of life-sustaining treatment is of particular importance. For your convenience in dealing with that subject, some general statements concerning the withholding or removal of life-sustaining treatment are set forth below. If you agree with one of these statements, you may initial that statement; but do not initial more than one. These statements serve as guidance for your agent, who shall give careful consideration to the statement you initial when engaging in health care decision-making on your behalf.)

I do not want my life to be prolonged nor do I want life-sustaining treatment to be provided or continued if my agent believes the burdens of the treatment outweigh the expected benefits. Initialed DXW

If and when I am in any one of these states or conditions, I want life-sustaining treatment to be withheld or discontinued.

Initialed _____

I want my life to be prolonged to the greatest extent possible in accordance with reasonable medical standards without regard to my condition, the chances I have for recovery or the cost of the procedures.

Initialed _____

(NOTE: This power of attorney may be amended or revoked by you in the manner provided in Section 4-6 of the Illinois Power of Attorney Act.)

3. This power of attorney shall become effective on a written determination, by a licensed, physician qualified to make such a decision, that I am incapacitated. However, in an emergency, my agent has the authority to make the determination, which shall be verified within 48 hours by a licensed, physician qualified to make such a decision. The determination of incapacity shall consider but not be limited to a finding based on one or more of the following definitions of incapacity:
- a. **Statutory Determination.** A person shall be considered incapacitated if, per the Illinois Probate Act of 1975, Section 11a-2, a person is under a legal disability, defined as “a person is eighteen years or older who (a) because of mental deterioration or physical incapacity is not fully able to manage his person or estate, or (b) is a person with mental illness or a person with a developmental disability and who because of his mental illness or developmental disability is not fully able to manage his person or estate, or (c) because of gambling, idleness, debauchery or excessive use of intoxicants or drugs, so spends or wastes his estate as to expose himself or his family to want or suffering, or (d) is diagnosed with fetal alcohol syndrome or fetal alcohol effects.”
 - b. **Medical Clinical Determination.** A medical determination should consider, but is not limited to the ability of the patient to:
 - (i) Understand his or her medical condition and the treatment options available;
 - (ii) Consistently communicate a treatment choice, though changing his or her mind once, will not be dispositive of incapacity;
 - (iii) Appreciate the outcome that may result from making a specific treatment or medication choice; and

(iv) Weigh the benefits, risks, and burdens associated with making or not making a choice.

- c. **Constructive Determination.** A person shall also be considered incapacitated, despite the statutory definition, if he or she is unable to give prompt and intelligent consideration to healthcare questions, financial, legal, and non-financial business affairs.

(NOTE: Insert a future date or event during your lifetime, such as a court determination of your disability or a written determination by your physician that you are incapacitated, when you want this power to first take effect.)

(NOTE: If you do not amend or revoke this power, or if you do not specify a specific ending date in paragraph 4, it will remain in effect until your death; except that your agent will still have the authority to donate your organs, authorize an autopsy, and dispose of your remains after your death, if you grant that authority to your agent.)

4. This power of attorney shall terminate on a written determination, by a physician licensed and qualified to make such a decision, that I am not incapacitated or following my death, once all duties ascribed to my agent herein including, but not limited to the disposition of my remains have been fulfilled.

(NOTE: Insert a future date or event, such as a court determination that you are not under a legal disability or a written determination by your physician that you are not incapacitated, if you want this power to terminate prior to your death.)

(NOTE: You cannot use this form to name co-agents. If you wish to name successor agents, insert the names and addresses of the successors in paragraph 5.)

5. If any agent named by me shall die, become incompetent, resign, refuse to accept the office of agent or be unavailable, I name the following (each to act alone and successively, in the order named) as successors to such agent:

Charlie Y. Idaho
12345 E. Lake Shore Drive
Chicago, IL 60628
(312) 023-4567

Drake Z. Arizona
12345 E. Lake Shore Drive
Chicago, IL 60628
(312) 123-4567

For purposes of this paragraph 5, a person shall be considered to be incompetent if and while the person is a minor, or an adjudicated incompetent or disabled person, or the person is unable to give prompt and intelligent consideration to health care matters, as certified by a licensed physician.

(NOTE: If you wish to, you may name your agent as guardian of your person if a court decides that one should be appointed. To do this, retain paragraph 6, and the court will appoint your

agent if the court finds that this appointment will serve your best interests and welfare. Strike out paragraph 6 if you do not want your agent to act as guardian.)

6. If a guardian of my person is to be appointed, I nominate the agent acting under this power of attorney as such guardian, to serve without bond or security.
7. I am fully informed as to all the contents of this form and understand the full import of this grant of powers to my agent.

**Illinois Statute Regarding Co-Agent's Certification and
Acceptance of Authority Form
Eff. 7/1/11**

(755 ILCS 45/2-10.5)

(This Section may contain text from a Public Act with a delayed effective date)

Sec. 2-10.5. Co-agents.

(a) Co-agents may not be named by a principal in a statutory short form power of attorney for property under Article III or a statutory short form power of attorney for health care under Article IV. In the event that co-agents are named in any other form of power of attorney, then the provisions of this Section shall govern the use and acceptance of co-agency designations.

(b) Unless the power of attorney or this Section otherwise provides, authority granted to 2 or more co-agents is exercisable only by their majority consent. However, if prompt action is required to accomplish the purposes of the power of attorney or to avoid irreparable injury to the principal's interests and an agent is unavailable because of absence, illness, or other temporary incapacity, the other agent or agents may act for the principal. If a vacancy occurs in one or more of the designations of agent under a power of attorney, the remaining agent or agents may act for the principal.

(c) An agent is not liable for the actions of another agent, including a co-agent or predecessor agent, unless the agent participates in or conceals a breach of fiduciary duty committed by the other agent. An agent who has knowledge of a breach or imminent breach of fiduciary duty by another agent must notify the principal and, if the principal is incapacitated, take whatever actions may be reasonably appropriate in the circumstances to safeguard the principal's best interest.

(d) Any person who acts in good faith reliance on the representation of a co-agent regarding the unavailability of a predecessor agent or one or more co-agents, or the need for prompt action to accomplish the purposes of the power of attorney or to avoid irreparable injury to the principal's interests, will be fully protected and released to the same extent as though the reliant had dealt directly with all named agents. Upon request, the co-agent shall furnish an affidavit or Co-Agent's Certification and Acceptance of Authority to the reliant, but good faith reliance on a document purporting to establish an agency will protect the reliant without the affidavit or Co-Agent's Certification and Acceptance of Authority. A Co-Agent's Certification and Acceptance of Authority shall be in substantially the following form:

[DEATH / RESIGNATION / ABSENCE /
